**FEATURED SOCIETY MEMBER  
2021 AUTUMN EXHIBITION**

Eileen Prendergast is an Adelaide based artist who uses her art as a vehicle to express images of her surroundings and daily life. A lifelong interest in the process of how to create the masterpiece, Eileen completed her Bachelor of Visual Arts at Underdale Campus.

Pursuing her art education, Eileen participated in many courses through Central School of Art and Tafe. These skills included drawing and painting, lithography, printmaking using copper plate, lino and screenprinting. Many skills are often used to create a single image for the observer.

Discovering the mesmerizing world of clay and glazes, Eileen incorporates sculpture and the wheel to create another direction for her creative spirit.
